

Roseville Electric Financing Program

The Roseville Electric Sponsored Financing Program Makes Investing In Energy Efficient Home Improvements Easier Than Ever For Their Customers.

Investing in energy efficient HVAC is the right decision. That is why Roseville Electric has aligned itself with the Electric & Gas Industries Association (EGIA) to offer low interest financing through EGIA's GEOSmart Financing Program.

EGIA is a non-profit organization that works directly with utilities, manufacturers, distributors and contractors to advance energy efficiency and renewable energy solutions nationwide and the GEOSmart Financing Program is designed to make investing in energy efficient home improvements more affordable.

Roseville Electric Loan Program Highlights

- 100% Unsecured Loans
 - 7.99% Fixed APR Financing (Instead of Rebate)
 - Simple Interest, No Pre-Payment Penalties
 - No Equity Required (No Title, No Appraisal or Loan Fees)
 - Low Minimum Monthly Payments
 - Easy Qualification Process
 - Roseville Electric Rebate Qualifying HVAC Systems
- *For qualifying measures go to www.conservationsrebates.com

All contractors participating in the Roseville Electric Financing Program have been pre-screened and designated as "EGIA Approved Contractors". The Approved Contractor Program was developed to identify leading companies within the home improvement industry and provide homeowners with a powerful tool when searching for a contractor. To attain the EGIA Approved Contractor status, contractors must satisfactorily pass a screening and review process including; verification of a valid contractor license, trade reference check, verification of solid business financials and be approved to offer EGIA sponsored financing.

To be matched with an EGIA Approved Contractor that is also authorized to provide you with GEOSmart Financing, please [CLICK HERE](#).
