This program is funded by Southwest Gas Corporation's Nevada customers and administered by Southwest Gas Corporation. This program has been reviewed and approved by the Public Utilities Commission of Nevada. This program may be modified or terminated without prior notice and is provided to qualified customers on a first-come, first-served basis until program funds are no longer available. Eligibility requirements also apply. Southwest Gas Corporation does not make any warranty, express or implied, or assume responsibility for the accuracy, completeness, or usefulness of any information, estimated savings, and benefits attributed to the products that qualify for this program. Reference to any specific product, project, or service by manufacturer, trade name, trademark, or otherwise does not constitute or imply its endorsement, recommendation, or favoring by Southwest Gas Corporation. To qualify, equipment must meet technical requirements and be installed according to local building codes and ordinances and/or manufacturer's requirements.

Nevada Commercial Energy Efficient Equipment Rebate Program

Higher energy prices may be causing you to rethink your energy priorities, making high efficiency equipment more attractive than before.

Because commercial appliances use a large amount of energy, there is the potential for great energy savings and reduced spending on energy costs. You'll also be helping Nevada with water savings and less pollution. Now that's something to be proud of!

Additionally, your investment in better equipment could have a positive effect on your energy savings and business cash flow.
